

Conditions of access to social support (assistance and exemptions)

Having regard to the French Education Code, and in particular article L. 712-3
Having regard to the statutes of the Ecole Centrale de Lyon of 12 December 2019 ; having regard to the approval of the School Committee of 23 November 2023,

Summary of reasons

For many years, the school has had a system of social assistance and exemptions in place. The criteria applied by the exemption and social assistance committees were successively reviewed in 2009 and then in 2022. With the recruitment of a part-time social worker within the institution (present on both campuses), it is proposed to specify the 2022 rules.

- Student who is fiscally independent and no longer receives material support from one or both parents: Evidence of autonomy based on the conditions for applying for specific annual assistance from CROUS: living separately from your parents or submitting a separate tax declaration. You must have earned at least €4,093.17 a year over the 12 months before applying for assistance;
- Students whose scholarship application has been refused (depending on their parents' income), or if the simulation was negative;
